## APPENDIX.

# THE BROOKLYN STREET DIRECTORY, OR, GUIDE FOR 1851 & 1852.

(Corrected May 1st, 1851.)

Showing the commencement, position, and termination of each street, with the junctions and crossings of the intersecting streets, also the number of the house at the corner of each of the streets.

Where there is no house on the corner, or where the corner house fronts on the crossing street, the number of the house nearest the corner is given. It must be observed that in a considerable portion of the streets, the houses are entirely unnumbered. In those streets the Alphabetical Directory directs you to which of the crossing streets the house you are looking for is nearest situated.

For the information of strangers it may be necessary to add, that the odd numbers are invariably on the left hand from the commencement of each street.
